

SECTION E
INDEX TO VOLUME 24

Authors

- Bell, H. J.—See Jaques, L. B.
- Cameron, A. T. and Carmichael, J.—The effect of acute starvation on the body organs of the adult white rat, with especial reference to the adrenal glands, 37.
- Cameron, A. T., Guthrie, J. S., and Carmichael, J.—The effects of oestrogens and of mild chronic starvation on the white rat, 105.
- Carmichael, J.—See Cameron, A. T.
- Chase, F. E.—See Lochhead, A. G.
- Chown, B., Okamura, Y., and Peterson, R. F.—
The *Rh* types in Canadians of Japanese race, 135.
Inheritance of the allelomorphs of the *Rh* gene in Canadians of Japanese race: a study of 65 families, 144.
- Clark, E. M.—See Craigie, J.
- Cleghorn, R. A.—Studies of shock produced by muscle trauma. II. Pathological changes in various tissues, 155.
- Craigie, J., Watson, D. W., Clark, E. M., and Malcomson, M. E.—The serological relationships of the rickettsiae of epidemic and murine typhus, 84.
- Guthrie, J. S.—See Cameron, A. T.
- Haist, R. E.—See Hamilton, J. I.
- Hamilton, J. I., Hoar, W. S., and Haist, R. E.—A comparison of the efficacy of different infusion media in shock, 31.
- Hoar, W. S.—See Hamilton, J. I.
- Jaques, L. B. and Bell, H. J.—The reduction of hydrogen peroxide by fibrin, 79.
- Labzoffsky, N. A.—Effect of reducing agents on the viability of equine encephalomyelitis virus (Eastern type), 119.
- Landerkin, G. B.—See Lochhead, A. G.
- Lochhead, A. G., Chase, F. E., and Landerkin, G. B.—Production of claviformin by soil penicillia, 1.
- McLintock, J.—Collecting and handling mosquitoes on western equine encephalitis investigations in Manitoba, 55.
- McNelly, E. M.—See Rempel, J. G.
- Malcomson, M. E.—See Craigie, J.
- Morin, J. E. and Turcotte, H.—The biological purification of vaccine emulsions by penicillin, 149.
- Noble, R. L.—Treatment of experimental motion sickness in humans, 10.
- Norris, M.—Recovery of a strain of western equine encephalitis virus from *Culex restuans* (Theo.) (Diptera: Culicidae), 63.
- Okamura, Y.—See Chown, B.

Peterson, R. F.—See Chown, B.

Rempel, J. G., Riddell, W. A., and McNelly, E. M.—Multiple feeding habits of Saskatchewan mosquitoes, 71.

Riddell, W. A.—See Rempel, J. G.

Tchaperoff, I. C. C.—Determination of the effect of irradiation by X-ray on *p*-aminobenzoic acid, using *Clostridium acetobutylicum* for assay, 49.

Turcotte, H.—See Morin, J. E.

Watson, D. W.—See Craigie, J.

Ziegler, J. A.—The effect of riboflavin deficiency on renal damage due to sulphanylguanidine in the albino rat, 23.

SECTION E
INDEX TO VOLUME 24

Subjects

Adrenal glands, See Rat(s) Starvation.

p-Aminobenzoic acid, Effect of irradiation by X-ray on, using *Clostridium acetobutylicum* for assay, 49.

Antibiotics, See Claviformin and Penicillin.

Bacteria, See under Fungi.

Body organs, See Rat(s) (Starvation).

Claviformin, Production of, by soil penicillia, 1.

Clostridium acetobutylicum, See p-Aminobenzoic acid.

Culex restuans, See Mosquitoes.

Culicidae, See Mosquitoes.

Diptera, See Mosquitoes.

Emulsions, See Vaccine.

Encephalitis, Western equine,
Collecting and handling mosquitoes during investigations of, in Manitoba, 55.
Recovery of a strain of, from *Culex restuans*, 63.

Encephalomyelitis virus, Equine (Eastern type), Effect of reducing agents on, 119.

Feeding habits, See Mosquitoes.

Fibrin, See Hydrogen peroxide.

Fungi

Bacteria

Clostridium acetobutylicum, See p-Aminobenzoic acid.

Penicillium, See Claviformin.

Glands, Adrenal, See Rat(s) (Starvation).

Heredity, See Inheritance.

Humans, See Inheritance and Motion sickness.

Hydrogen peroxide, Reduction of, by fibrin, 79.

Infusion media, See Shock.

Inheritance

Inheritance of the allelomorphs of the *Rh* gene in Canadians of Japanese race: a study of 65 families, 144.

Rh types in Canadians of Japanese race, 135.

Irradiation, See p-Aminobenzoic acid.

Mosquitoes

Collecting and handling mosquitoes in western equine encephalitis investigations in Manitoba, 55.

Multiple feeding habits of Saskatchewan mosquitoes, 71.

Recovery of a strain of western equine encephalitis virus from *Culex restuans* (Diptera, Culicidae), 63.

Motion sickness in humans, Experimental, Treatment of, 10.

Muscle trauma, See Shock.

Oestrogens, See under Rat(s).

Penicillin, See Vaccine emulsions.

Penicillium, See Claviformin.

Rat(s)

Oestrogens, Effects of, on the white rat, 105.

Riboflavin deficiency in, Effect of, on renal damage due to sulphanilylguanidine in the albino rat, 23.

Starvation of,

Acute, Effect of, on the body organs of the adult white rat with especial reference to the adrenal glands, 37.

Mild chronic, Effect of, on the white rat, 105.

Reducing agents, See Encephalomyelitis.

Reduction, See Hydrogen peroxide.

Renal damage, See Rat(s) (Riboflavin).

***Rh* gene and *Rh* types**, See Inheritance.

Riboflavin, See under Rat(s).

Rickettsia(e) of epidemic and murine typhus, Serological relationships of, 84.

Serology, See Rickettsia(e).

Shock

Comparison of the efficacy of infusion media in, 31.

Produced by muscle trauma, Pathological changes in various tissues during, 155.

Sickness, Motion, See Motion sickness.

Soil penicillia, See Claviformin.

Starvation, See under Rat(s).

Sulphanilylguanidine, See Rat(s) (Riboflavin).

Typhus, See Rickettsia(e).

Trauma, See Shock.

Vaccine emulsions, Biological purification of, by penicillin, 149.

Virus, See Encephalitis and Encephalomyelitis.

Vitamin B, See Rat(s) (Riboflavin).

Western equine encephalitis, See Encephalitis.

X-ray, See *p*-Aminobenzoic acid.
